

Delivering innovative solutions for today's housing challenges.

Housing Quality Standards Inspections

Kim Wilson Housing is available to provide Housing Quality Standards (HQS) inspections in support of the housing needs of other agencies in Missouri and Kansas. Our inspectors are certified through the Kansas Housing Resource Corporation and the Kansas Building Science Institute. This helps fulfill Kim Wilson Housing's goal of keeping individuals housed in safe, decent, affordable housing.

One of our inspectors is a former State of Kansas health inspector in the food safety program with experience inspecting restaurants, lodging facilities, institutional food service, grocery stores and food manufacturing plants.

Kim Wilson Housing is also available to provide tenant and caregiver education in the following areas:

- Food safety.
- Fire safety.
- Electrical, water and natural gas safety.
- Benefits counseling.
- Landlord/tenant mediation.
- Pest control.
